**Pallet Compatibility**

Open Boarded

Closed Boarded

Our **Manual Stackers** make moving, lifting, loading and unloading simpler and quicker. Pallet Truck Shop offer rugged manual stackers which are a step up from the traditional pallet truck and take the burden out of lifting pallets as well as moving them. They are an economical alternative to a forklift truck and - because of their smaller size and weight - can be used in smaller spaces. Ideal for warehousing and light manufacturing applications.

We provide a nationwide 2-3 day delivery service with next day delivery available on request. All of our products come with a full twelve month parts and labour warranty.
