## Eoslift 540x1800mm Pallet Truck

This Eoslift hand pallet truck has 1800mm long forks, much longer than the standard pallet trucks. The length of truck is ideal for unusual applications, when the common pallet truck fork lengths are just not suitable for your requirements.

Supplied with Polyetherane fork wheels for quieter running that offers more grip and offers better protection against damage on delicate floors. Rubber is normally used on the large steel wheels.

TUV/GS Approved and CE rated.

2000kg Capacity and a Heavy Duty Construction.

Integral pump body, with all major rotating points equipped with oil free self-lubricating bearings or injection nozzles.

Single step moulding process, with fork and frames welded by robot.
